

June 26, 2009

Ozarks Green Building Coalition and Neighborhood Associations,

The City of Springfield is holding a public hearing on July 9th at 7:00 p.m. in City Council Chambers with the Planning Commission to discuss an amendment to the City's Zoning Ordinance that will permit urban garden uses as a primary use in all zoning districts. This amendment would not affect a private individual from having a garden, associated with a residence, in their yard or any legally existing related businesses. Staff is seeking the public's input on any potential impacts and would invite anyone to participate in this important discussion.

Sincerely,

Daniel Neal
Senior Planner
City of Springfield
