SCAM ALERT

Hello everyone,

Be advised that there is a "business" going door to door thru the neighborhood soliciting for hauling stuff away (started after flooding problems). They call their "business" Garland Lawn Care. Their names are Audra, Eric, and Cliff Garland. They collect money, haul stuff away and then unload it in dumpsters and properties throughout Spfd. They have no recorded business license and the police have been informed.

Help spread the word to neighbors who might fall for this "service"!

Thanks everyone!
